Topic:

I am writing to voice my opposition to HB 4105. Our once beautiful state forests are already being decimated at an alarming rate. If this bill passes even more clear cuts will ruin habitats for many as well as weakening root systems that hold soil in place. We lost two highways this winter due to sliding slopes of clear cut forests. Greed should not be the driving force. It's ruining our beautiful forests as well as wiping out clean water and animals. Please defeat HB 4105. Thanks. Sharon Burdick.
