

Submitter: Alyssa McFarland

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure, Appointment or Topic: SJR203

It's sad that in this day and age we have to have a bill to require the most common sense thing: having people in uniform display their faces and identification to the public. The only people who should be wearing masks should be people with a contagious illness, and they shouldn't be working at all, but home recovering. Hiding one's face and identity creates a climate of mistrust, which is the opposite of helpful. Thank you for your time.
