Measure, Appointment or Topic: HB4105

Clear cutting forests has sometimes really gotten out of hand where the mountains appeared scared. Forests must be meticulously managed to continue the beauty of forests for our mental healthy and activities in forests, provide homes for our wildlife, to keep the areas fresh, clean, and to maintain the variety of balances in nature. It appears that humans are intent on destroying our planet, climate change is real. Our trees, our forests absorb the greenhouse gasses, they are vital to our survival.
