

Submitter:

Carol Clark

On Behalf Of:

Committee:

House Committee On Agriculture, Land Use, Natural
Resources, and Water

Measure, Appointment or

HB4105

Topic:

PLEASE once again vote down House Bill 4105. Just last year this was voted down. It is important for many reasons -- drinking water for thousands of people, salmon, marlets, and many other wild species. No more clear cutting on state forest lands. We have to protect what is rightfully ours for now and for generations to come.
