Committee: House Committee On Agriculture, Land Use, Natural Resources, and Water  
Measure, Appointment or HB4105  
Topic:

Representatives,

I'm writing to encourage you to oppose HB 4105. These State forests are more valuable than focusing on timber. Some of our most valuable resources are significantly diminished to increase timber production there.

Please leave these area standing for clean water, carbon sequestration, wilderness habitat and the recreational opportunities they provide. Thank you, sincerely.
