Measure, Appointment or HB4153
Topic:

I'm an Oregonian that opposes hb4153. Often the proponents of a bill like this are folks who do not live here in the state. We need people living on our farms and working the land. We need kids at our schools from declining enrollment. And, we need farm land for the future generations. The farm stand tule currently support framers selling their products directly from their land. Let's not turn Oregon into California. Please oppose this bill. It's not good for oregon.
