

Submitter: John O Donoghue  
On Behalf Of:  
Committee: Senate Committee On Energy and Environment  
Measure, Appointment or Topic: SB1582

Members of the Senate Committee on Energy and Environment,

Thank you for this opportunity to testify in favor of SB 1582. We are seeing the negative effects of climate change more and more these days in all parts of the world, including Oregon. It seems to me that this bill would move along Oregon's transition to a modernized, carbon free electrical grid. It does that while maintaining a reliable supply, even at peak times, and in a way that is cost effective.

I support SB 1582 strongly and I urge our legislature to pass it into law.

Thank you.

John O'Donoghue
