Committee: Senate Committee On Energy and Environment

Measure, Appointment or Topic: SB1588

Honorable Chair Senator Sollman and Members of the Senate Committee on Energy and Environment.

Thank you for the opportunity to testify in favor of SB 1588 that expands access to homeowner energy efficiency upgrades and pays for the upgrades with energy savings. This bill will allow ratepayers with limited means to upgrade to more energy-efficient heating and cooling systems without struggling to pay the high cost of upfront expenses to purchase and install them. Please approve this bill and forward it to the floor for passage by the full legislature.

Thank you.

Sincerely,

Robert Marquis

I urge you vote in favor of SB 1588.
