SJR203

ICE & HSI was established in a rush as was patriotic act ~ some would say MUCH or most of these measures were enacted UNDER DURESS with FALSE or misrepresented facts and under difficult conditions.

HSI does NOT report to DOJ & Nor does ICE/CBP adhere to US constitution, rule of law in legal proceedings AS COMMONLY UNDERSTOOD by a majority of the public

Concerned Citizens understand these agencies are meant to protect citizens from external foreign threats utilizing COUNTER TERRORIST enforcement measures when necessary & may involve DOD, US intelligence & military personnel

These agencies should NOT be deployed for general law enforcement purposes against our nation's civilian population

We're ALL in great danger DAILY from this Regime of lawless grifters based primarily in DC at 1600 Pennsylvania Avenue

Stopping the masks may later aid in accountability but it's NOT the solution

It may buy us a chance at future justice, but this is not even step 1 towards saving lives nor our nation's democracy so please remember it's all being done by powerful billionaires with limitless reach internationally. They don't want democratic elections, institutions or government because they're a <1% minority voting bloc compared to the majority of us 99%
