

Submitter: Marjorie DeBuse

On Behalf Of:

Committee: Senate Committee On Energy and Environment

Measure, Appointment or Topic: SB1588

Dear Committee Members,

Thank you for giving me the opportunity to give a testimony in favor of SB 1588. This bill will really help people save money on their heating and cooling needs by allowing them to install energy-efficient heating and cooling units without the prohibitive upfront costs of buying and installing them. It is an easy solution to the lowering the high demand on the power grid and adding more energy-efficient users who otherwise couldn't afford it. Please approve this bill and send it to the Senate for passage.

Sincerely,

Marjorie DeBuse
