On Behalf Of:

Committee: Senate Committee On Energy and Environment

Measure, Appointment or Topic: SB1588

Members of the Senate Committee on Energy and Environment,

Thank you for this opportunity to testify in support of SB 1588. I strongly favor legislation that addresses the current climate crisis and that seeks to transition Oregon to a modernized, carbon-free electrical grid. What I particularly like about this bill is that it provides an affordable path to efficient, renewable energy sources for low income households and to disadvantaged communities.

I urge the committee to vote in favor of SB 1588.

Sincerely,

John O'Donoghue
