

Submitter:	Kelly Angelina
On Behalf Of:	Baker Web Academy
Committee:	House Committee On Education
Measure, Appointment or Topic:	HB4112

I have had the privilege of organizing and participating in Outdoor School since arriving to Oregon 5 years ago. This program is what sets Oregon schools apart from others and is such a highlight to students' educational journey. The learning, connections, leadership, independence, and growth that is seen in students who participate in ODS is unmatched. I fully support HB 4122, whatever it takes to keep Outdoor School programming in Oregon schools!
