On Behalf Of:

Committee: House Committee On Agriculture, Land Use, Natural  
Resources, and Water

Measure, Appointment or Topic: HB4105

I urge the committee to oppose HB 4105. Oregon forests are worth more standing! HB 4105 would prioritize timber harvest over critical wildlife habitat, carbon sequestration, clean water, and the recreation our state forests provide not only to Oregonians, but to the planet. We have to curb our addiction to resource extraction! Find a creative way to fund the needs of rural communities outside of this arcane and destructive selling off of public lands.

thank you.

Robin
