Measure, Appointment or Topic:	HB4074

I'm an ICU staff nurse and I have to oppose this bill for my patients. Often with two critically ill patients there is still not enough time in the day to meet their needs, adding additional patients to this work load is dangerous and irresponsible, and I know because I've done it, caring for up to four ICU patients by myself at a time in other states at the right of COVID 19. This bill will kill people and destroy lives while relieving hospitals of the burden that carries in the name of solvency (or profits).
