

Submitter:

AMY VALENTINE

On Behalf Of:

Committee:

Senate Committee On Judiciary

Measure, Appointment or Topic:

SJR203

To Whom It May Concern,

It used to be unthinkable that law enforcement officers would not be identifiable. Allowing law enforcement officers to conceal their identity is essentially making them secret police. What has this country come to?! There are bands of secret paramilitary actors roaming the streets and acting with impunity. Is this the United States or the Soviet Union?! This is unacceptable! Please do not allow this to continue.

Sincerely,

Amy D. Valentine
