

Submitter: Meredith Tufts

On Behalf Of:

Committee: House Committee On Agriculture, Land Use, Natural
Resources, and Water

Measure, Appointment or Topic: HB4105

I am writing to oppose HB 4105 because our forests need stronger protections as they face increasing pressures from climate change and industry, not less. Our forests are a vital component to what makes our state amazing, providing important habitat, clean air and water, recreation opportunities, and value beyond their price in a timber sale.
