Organization or City of Residence: SPRINGFIELD

Testimony is on behalf of:

Measure HB 4002: Limits to 25 the number of legislative measures that a member of the Legislative Assembly may ask the Legislative Counsel to prepare for a regular session of the Legislative Assembly that begins in an odd-numbered year.

Committee: House Committee On Rules

Position: Support

Testimony:

I totally support this measure and also one that would limit even more. I do not usually follow what is going on in our state government but after the gas tax I am totally committed. I signed up to receive notifications in my email about the bills I think I should be concerned about. I am totally amazed at all the emails I am receiving. So many are totally not important to most Oregonians and I am finding a lot that are actually after the same goal. Lets make our government work for us and not all the special interest groups. It seems like you should all talk amongst yourselves and be more like the people you represent. Most of us are not all that divided!!!!
