

Submitter: Karen Peterson  
On Behalf Of:  
Committee: House Committee On Agriculture, Land Use, Natural Resources, and Water  
Measure, Appointment or HB4105  
Topic:

Hello,

We've allowed the timber industry to steamroll through Oregon's state forests with an eye only on profit and protection of the industry.

We need to take a long term view of the impact HB4105 would have on our natural resources including the species that inhabit the forests and waters of Oregon. Loss of more forests to clear cutting ultimately harms us as well. Climate change is real and we're running out of time.

Thank you,  
Karen M Peterson
