

Submitter:

Linda Marple

On Behalf Of:

Committee:

House Committee On Agriculture, Land Use, Natural Resources, and Water

Measure, Appointment or  
Topic:

HB4105

I oppose hb4105 because our forests are so much more than logs to be taken to the mill or worse yet shipped overseas. Regulation runs both ways logging companies need to be learning there is recreation and carbon sequestration as well as dollars in their deep pockets climate consistency needs trees . Just think how great it will be when we are the only country left with trees
