Committee: House Committee On Housing and Homelessness

Measure, Appointment or Topic: HB4113

Chair Marsh, Vice-Chairs Breese Iverson and Andersen, and Committee members:

I am writing today to ask you to oppose HB 4113.

It is my understanding that this bill would benefit one private developer at the expense of our land use system. Our farms and forests are under protection for a reason, and giving developers the right to expand beyond urban boundaries sets a bad precedent. We should find housing solutions within our boundaries and respect our valuable farm land and natural resources. With so many other important priorities in front of you, I hope you will quickly reject HB 4113.

Sincerely,
