Support: [SB 1571](#) and Protect Oregon's Kids

Dear Chair [Prozanski](#), Vice-Chair [Thatcher](#), and members of the Committee: Senators [Broadman](#), [Gelser](#), [Blouin](#), [Manning](#), and [McLane](#)

We are asking for your support of common-sense regulation of nicotine pouches in Oregon.

Tobacco is a killer. Its impact starts out when children are young and often do not have positive alternatives to spending time when school is not in session. Peers influence kids to try something that looks like an adult practice. However, chewing tobacco leads to oral cancer, a particularly lethal outcome. As regulations have expanded to curb and discourage nicotine use, the tobacco industry has gotten increasingly creative and now they are marketing flavored nicotine pouches which make nicotine use seem more like sucking on candy. Oregon needs to block this new product.

Please vote "yes" on SB 1571 and help protect Oregon kids from Big Tobacco and nicotine addiction.

Thank you,

Larry Crepeaux, President
