Measure, Appointment or HB4100
Topic:

It's not a matter of if, but when. Natural disasters and extreme weather events are going to happen. It's only a matter of time before a wildfire, earthquake, or another catastrophe affects the bulk fuels storage site in Portland.

It's better to be safe than sorry. Major companies should be accountable and have the funds to clean up any oil or fuel spills that wreak havoc on communities, wildlife and ecosystems.

Support the bill with -1 amendments to ensure strong protections for Oregonians!
