Committee:

Senate Committee On Health Care

Measure, Appointment or Topic:

SB1528

We are not cattle, we are people with unique health issues. We do not consent to give a state public health officer the power to subject us to a Standing Order! The decision of what drugs or vaccines or what course of treatment to take should only be between a patient and his/her doctor. The government has no authority over our choices.

Furthermore, SB 1598's definition of preventive health services. I vote NO .
