Measure, Appointment or Topic: HB4113

I strongly oppose passage of HB 4113. Oregon has enacted land use rules to protect the very qualities that Oregonians desire for environmental health. As an Oregonian, I value the land use principles that help keep our state healthy environmentally and economically. Upholding our land use system is key to both.

This bill would set a bad precedent and undermine the will of the people for the benefit one private stakeholder. Reject HB 4113, please!

Sincerely,

Susanna DeFazio
