Measure, Appointment or HB4105  
Topic:

I am writing to oppose HB 4105. Oregon families, forests and wildlife cannot afford the continued distraction of our forests in the name of money. Oregonians value this state because of its beauty and care of our forests and wildlife. Further destruction will be devastating and further contribute to climate change as well as the endangered wildlife leading to potential extinction. Enough is enough!! Vote no on HB 4105.
