John Ramos

On Behalf Of:

Committee:

House Committee On Agriculture, Land Use, Natural
Resources, and Water

Measure, Appointment or
Topic:

HB4006

It is imperative for the survival of our rural communities and local agriculture to support HB-4006. As 2026 looks to be a potentially devastating water year, having the ability to transfer water within district boundaries, and allowing use of additional POD's could very much be the difference between survival and bankruptcy.
