Committee: House Committee On Agriculture, Land Use, Natural
Resources, and Water
Measure, Appointment or Topic: HB4105

Dear committee members, please support hb4105. Certainty is what county governments need and the customers of the department of forestry need to plan and invest in their communities and companies. Please add language that the department of Forestry sell its timber sales in equal volume every quarter of the fiscal years going forward. Certainty of supply is paramount considering 10 mills have closed in Oregon in the past two years due to timber supply constraints and three more have closed along the Columbia River in Washington and Northern California.
