

Submitter: James Emerson

On Behalf Of:

Committee: Senate Committee On Housing and Development

Measure, Appointment or Topic: SB1578

SB1578 is a particularly brazen attempt to avoid the carefully-developed regulations about land use in Oregon. To allow siting of up to 250 residences without regard to water availability, watershed impacts, neighboring landowners and uses, wildlife, wildfire susceptibility, traffic and access, school districts, landslide or flood risks, or any other regulations, is absurd. It's is an affront to the years of planning and public input which have already occurred. Please vote against SB 1548 !
