Committee: Senate Committee On Housing and Development  
Measure, Appointment or Topic: SB1578

I strongly urge you to refrain from passing this legislation SB 1578, which will be one step towards making our beloved state another California. Having lived most of my life in Oregon, but having travelled throughout the world extensively and received three graduate degrees at the University of Oregon, I know what a treasure Oregon is. Our great governor, Tom McCall, was aware of the threat of sprawl and we owe so much to his foresight and to 1000 Friends of Oregon, of which I am a proud member. Don't let profit destroy this gem so that the wealthy can build mega mansions. Oregon has been a leader in land use, a shining light. Please let us keep it that way.  
Respectfully yours,  
Dr. Susan Rankin
