Measure, Appointment or Topic: HB4153

Please stop the chipping away our farmland's through sale or uses for non-farm-produced products! It is my understanding from friends who own & run small family farms that this bill is unnecessary & threatens keeping priorities on FARMING & FARM PRODUCTS grown/made on that farm. As Ive heard from one local farmer, there's an important difference between hosting farm-related events, and hosting events that happen to be done on a farm.

NO on HB4153! Thank you.
