House Committee On Health Care

Measure, Appointment or Topic:

HB4074

Once again, the hospitals want to gut the staffing which is already dismal. I retired early as an RN due to staffing cuts as I knew that the cuts would mean that there would be no way to provide safe care. The administration of these hospitals continues to cut to maintain the amount of compensation they get. Healthcare should never be solely about profit, but it currently is. Hard NO vote on this.
