

TESTIMONY FOR HB 4142, Ryan's Law

My name is Brenda Thomas. I am the Owner of Southern Oregon Patient Awareness Center, I am a board member of Compassionate OR, and I am also a member of the OHA/OMMP rules advisory committee. I've been involved in the Medical Program since 2001 and have been helping patients get cards ever since.

I am here today to support 4142 as I support Patient dignity, their right to a better quality of life, and ability to ease the transition during the final stages of life.

I thank you for your time.

Respectfully,

Brenda I Thomas
