Senate Committee On Judiciary

Measure, Appointment or Topic:

SB1587

Chair Prozanski, Vice-chair Thacher, and members of the committee, I'm writing in support of SB 1587.

We cannot give any entity more tools to target our immigrant communities. We know that the private data sold is going to target those most at risk and endanger our neighbors. I urge you to fight for our right to protect the privacy of Oregonians. We must hold Data Brokers accountable and defend our community. Thank you. Please support this bill.
