

Submitter: Stanley Taylor  
On Behalf Of:  
Committee: House Committee On Agriculture, Land Use, Natural Resources, and Water  
Measure, Appointment or HB4105  
Topic:

Dear Co-Chairs Helm and Owens and Members of the Committee,

I oppose House Bill 4105.

Every year I take hikes into the forests in Oregon. While I view them as a sanctuary, every year I see more clearcuts that destroy habitat and the balance of the ecosystems of which they are located. We need stronger habitat protections, with bans on clearcutting and pesticides.

This timber industry bill undermines the state forest Habitat Conservation Plan and would result in more lawsuits, less habitat for salmon and wildlife, more clearcuts and pesticide spraying that harm drinking water, and less carbon storage.

I urge you to oppose this bill. Instead, I encourage this committee to focus on measures that would increase carbon storage in our state forests and safeguard our public resources for our children and future generations.

Sincerely,

Dr. Stanley Taylor
