Committee: House Committee On Agriculture, Land Use, Natural
Resources, and Water

Measure, Appointment or Topic: HB4105

Dear Co-Chairs Helm and Owens, and Members of the Committee,

I oppose House Bill 4105 and its amendments. This timber industry bill undermines the state forest habitat conservation plan and would result in more clearcuts, more lawsuits, less habitat for salmon and wildlife, and less carbon storage.

I urge you to oppose this bill. Instead, I encourage this committee to focus on measures that would increase carbon storage in our state forests and safeguard our public resources for our children and future generations.

Please don't let this bill pass out of committee. Think of those 7 generations after us. For the future children, wildlife, and ecosystems you could save by voting NO.

Sincerely,
Danielle Melcher
