Measure, Appointment or
Topic: HB4105

I oppose HB4105. My dogs and I treasure our daily walks on the BLM forest near our home. I credit these walks for my not being on any medications or having any ailments in nearly 60 years on the planet. This timber industry bill undermines the state forest Habitat Conservation Plan and would result in more lawsuits, less habitat for salmon and wildlife, more clearcuts and pesticide spraying that harm drinking water, and less carbon storage.

I urge you to oppose this bill. Instead, I encourage this committee to focus on measures that would increase carbon storage in our state forests and safeguard our public resources for our children and future generations.
