Measure, Appointment or Topic: HB4153

My name is Emily, and I am a community member who frequently purchases items from small farm stands here in Oregon. I am opposed to HB 4153 because it would put limits on the smallest farms in our community. This is going to hurt local agriculture by placing more barriers to entry into the food production system. We need to make it easier for local food to be grown and sold on small scales. Giving larger farm owners more privileges at the expense of smaller ones is not the solution.

Thank you,
Emily Ciscell
