Committee:

Senate Committee On Judiciary

Measure, Appointment or Topic:

SJR203

I support an amendment to the Oregon Constitution that prohibits masking and otherwise disguising the identity of all law enforcement officers, local, state and federal, in the state. It is alarming to see masked, unidentified federal agents detaining people from their homes, places of employment, courthouses, hospitals, and schools. Observing these agents with guns drawn smashing out windows is beyond acceptable behavior and is encouraged when their identity is concealed.
