Measure, Appointment or Topic: HB4105

I urge my lawmakers to vote no on HB 4105. As someone who grew up in Oregon, and spent years living and working in rural Oregon, including fighting wildfire, I understand the need for logging. But as a nature and wildlife lover, I also understand the need for a careful balancing of our priorities. The Habitat Conservation Plan is that careful balancing, and this bill seeks to undermine that by mandating logging first.

I hope lawmakers will reject this industry-drafted bill and will continue to support the compromises we have worked towards.

Respectfully,
