The limitations are startup farms is too big of a barrier to small farm growth! Need to sell even if not 20 acre property. Small farms, like 7 acrea, need a pathway to success blocked by this bill. Small local farm support is urgent to increase productivity and success in a broken economy.. stable small local farms grows community connections, education, food access, and more opportunities, also provides jobs for citizens at small farms, and makes local, often organic, products available to local citizens. Not inclusive enough! Needs reworked , edited to support farms of all smaller sizes.
