

Testimony for HB 4142, Ryan's Law

Good afternoon, Chair Nosse, Vice Chairs Nelson and Diehl.

My name is Sarah Duff. I serve on the Board of Directors for Compassionate Oregon. I am writing in support of HB 4142, Oregon's version of Ryan's Law. There are versions of this law in other states. Our medical cannabis patients need to be able to use medical cannabis in care facilities and while on hospice. Oregon has been committed to protecting medical cannabis patients for more than two decades and this will help protect them further.

Thank you for your time, and I'm happy to answer any questions.

Sarah Duff
