Committee: House Committee On Agriculture, Land Use, Natural
Resources, and Water

Measure, Appointment or Topic: HB4105

Dear Co-Chairs Helm and Owens and Members of the Committee,

I oppose House Bill 4105.

As a native Oregonian, our forests are of the utmost importance to me and my fellow residents. I disagree with lessening habitat for important animals and plants and feel if this bill were to pass, it would severely impact Oregonians. (We and they have already been impacted enough)

This timber industry bill undermines the state forest Habitat Conservation Plan and would result in more lawsuits, less habitat for salmon and wildlife, more clearcuts and pesticide spraying that harm drinking water, and less carbon storage.

I urge you to oppose this bill. Instead, I encourage this committee to focus on measures that would increase carbon storage in our state forests and safeguard our public resources for our children and future generations.

Sincerely,
Shannon Hodgen
