Dear Elected Lawmakers,

Please do NOT pass House Bill 4153. Here in Oregon we have so many pressures on our farm land, and we must protect these areas that make our landscape so beautiful and provide food for our region. Our condensed towns and cities, our wild land AND our farm land are all what make Oregon so attractive to its residents and tourists - we MUST NOT set a precedent of blurring these boundaries. Over time this could really ruin what we all love about living here. For decades I've been so proud of the way our leaders have protected urban boundaries around our state - please do not stop now!

Thank you for your service to us!

Sincerely yours,

Shannon Jones
