You need to retain the November general election date because it is too obvious to everyone including your Democratic your constituents that you are using our legislature to affect the vote. By changing the date when there is not an extremely valid reason, you appear corrupt. This is not just an item you are voting on, it is against the people, who are exercising their constitutional right. Do you see how bad it looks if you change the date on the document that over a hundred thousand voters signed their names on! That is because it is bad government to do such a thing to the people who put their trust in you.

Thank you,
