Joint Special Committee On Referendum Petition  
2026-302

Measure, Appointment or  
Topic:

SB1599

I do not support changing the vote to May. The original feedback by the voters on referring the measure for a vote by the public was expected to be in November for greater participation. This is simply politically motivated and not the will of the voters, sad that this is along party lines not the will of the voters.
