Topic:

To the Committee on Agriculture, Land Use, Natural Resources, and Water,

I support HB 4153 with some reservations but feel it is a step forward to address issues Oregon farms face with land-use laws that are 50 years old and were never meant to address agritourism. I hope there might be some amendments added that will address the challenges smaller farms (in revenue and acreage) face but I understand that codifying the language around farm stores will give counties a clearer path to permitting equally and fairly.

Thank you, Scottie Jones, Leaping Lamb Farm
