On Behalf Of: Mr Oregon OPPOSES SB 1561
Committee: Senate Committee On Housing and Development
Measure, Appointment or Topic: SB1561

I OPPOSE [SB 1561].

[SB 1561] addresses multiple types of buildings to be rebuilt after wildfire and or other tragedies.

[SB 1561] should separate out structures and focus on the suffering homeowners.

Oregonians who have lost their homes from a tragic event should not face encumbrances from Municipal, County and or State burdensome and oppressive regulatory interferences.

Permits to rebuild homes should not be limited to the square footage lost to tragedy.

Property Taxes should remain the amount prior to the tragedy and not predicated on the value or cost of the new home-Oregonians should not be made to suffer twice for a tragic loss.

Those Oregonians who are involved in the Agriculture, Timber, Mining and or Fisheries need to be providing the rest of us with food and building materials and not subject to heartless regulations levied to rebuild their homes.

As to the other structures mentioned in [SB 1561], represent your Legislation under a different cover.

David S. Wall
Mr. Oregon Concurs.
