Dear Chair Meek, Vice Chair Drazan, and Committee

My name is Anders Pace. I am a raft guide in Wallowa County. I have also spent several years as backcountry Ranger for the Forest Service. The recreation industry is very integral to the economy and heart of Oregon and legislation that supports the recreation industry in Oregon is strongly needed. ORCA SB1593 will support the recreation industry by creating a complimentary liability standard that other states and the federal government have already adopted. Additionally to my support of ORCA SB1593 I also support a proposed amendment to allow parents to make the decision to sign a waiver on behalf of their children.

Thank you for your time and consideration, please support ORCA SB1593.

Anders Pace
