Senate Committee On Judiciary

Measure, Appointment or Topic:

SB1587

Dear Members of the Committee,

Thank you for the opportunity to submit written comment on SB 1587. I am writing to urge your support for this bill. As you are aware, private companies are selling Oregonians' personal data directly to the federal government, enabling targeted surveillance. This sort of surveillance represents a serious invasion of privacy, and it's time to close the loopholes that enable it. Please work with your colleagues to pass SB 1587

Yours,

John Seng
