

Written Testimony – Oppose SB 1599

I respectfully oppose **SB 1599**. This bill moves a public vote on transportation tax and fee increases from the November general election to a lower-turnout May election. Oregonians deserve the highest level of participation when voting on tax increases that affect fuel costs, vehicle fees, and household budgets. Altering the election date reduces voter access and confidence. Please vote NO on SB 1599.
